SUBJECT: USE OF 1982-83 MAINTENANCE GRANT FUNDS TO CORRECT PLAN DEFICIENCIES

Enclosed is an application and agreement form which you may find convenient to request funds against your 1982-83 Maintenance Grants. As you know, the Commission has expanded maintenance grant eligibility to provide funds to help jurisdictions correct plan and implementing measure deficiencies identified in Continuance Orders.

The total amount for which you are eligible is listed on the attached application and agreement.

Two copies of this form (with related documents) are to be sent to the Department: one to your local Field Representative and one to the central office in Salem. Upon approval, Field Representatives can authorize jurisdictions to begin to incur costs even though final processing of the requests by the Salem office is not completed. All plan maintenance funds must be expended by June 30, 1983. Expenditure reporting forms will be sent to you in June.

Disbursement of the grant amount will be in one payment. Please contact your Field Representative for any questions concerning your compliance tasks. Questions on your eligible grant amount, grant disbursement, etc., should be directed to Gay Brousseau of our Salem office at 378-8067 or 1-800-452-7813.
